July 10, 2019

I have spent 43 years in the produce industry. I have been involved in all aspects of sales and merchandising. The majority of my experience is with packaged goods, bag salads, cut fruit, and cut vegetables. I most recently was the Sales Manager/Merchandiser for the Kroger Fresh Kitchens project through the Castellini Company. I was a Field Sales Manager, and Merchandiser for Ready Pac salads, also through the Castellini Company/Club Chef. Additionally, I spent 8 years as a Regional Sales Manager in food service with Castellini/Club Chef. I also worked for Kroger, with my last position being Special Projects Merchandiser. With my knowledge and experience, I feel I can make an impact for a new company.

Regards,  
Breck Plummer
